

Linza Khatri

Creative and detail-oriented UI/UX Designer with a strong grasp of design theory, usability, and accessibility (WCAG). Focused on intuitive, responsive experiences and skilled in cross-functional collaboration with developers, product managers, and marketers.

Experience

UI/UX Designer, Mega Web Link, Kathmandu [Nov 2024 - May 2025]

- **Manya — E-commerce Web App** - Designed a responsive platform offering product sales and tech services (hourly/monthly), focusing on intuitive UX and accessibility.
- **Via Logistic — Courier App & Dashboard** - Created user-friendly apps for drivers and customers, plus an admin dashboard for managing deliveries and operations.
- **Irish Web Design — SaaS Web Platform** - Designed a clean, service-focused site offering logo design, SEO, and custom web solutions with a clear user flow.
- **Irish Floor Painting — Service Website** - Designed a clean, responsive website showcasing floor painting services with a focus on clarity, user trust, and lead generation.

UI/UX Designer, Rank One Pro, Kathmandu [Oct 2023 - Oct 2024]

- **Prami Raut — Fashion Designer Website** - Designed an elegant, responsive portfolio and e-commerce site to showcase and sell custom clothing collections.
- **Dr. Sunita — Clinical Psychologist Website** - Created a professional, approachable website highlighting services in cognitive-behavioral, psychosocial, and mindfulness therapies, focused on trust-building and accessibility.
